PROFESSIONAL SUMMARY

Creative Computing graduate (BSc Hons, Bath Spa University, 2025) with hands-on experience in AI, software development and data analysis, working mainly in Python, C# and JavaScript. Brings 2+ years of part-time, client-facing work across major Dubai events (GITEX, Big 5, Gulfood) and professional training programs, with a strong record of accurate data handling, troubleshooting live technology and clear communication with stakeholders.

EDUCATION

Bachelor of Science (Hons) in Creative Computing June 2025
Bath Spa University, Ras Al Khaimah, UAE

- **Honors:** Awarded in two consecutive semesters (Sep 2023 – Jan 2024 and Jan – May 2024)
- **Relevant coursework:** Artificial Intelligence Fundamentals, Data Analysis, Advanced Programming, Web Programming, Responsive Web Design, Games Engine & Scripting, UX Design

PROFESSIONAL EXPERIENCE

Onsite / Virtual Coordinator Oct 2024 – Dec 2025
Informa Connect Academy Middle East – Dubai, UAE

- Coordinated real-time communication between trainers, delegates and management teams to keep professional training programs running smoothly.
- Managed onsite and virtual learning environments, resolving participant inquiries and providing administrative support throughout each session.
- Troubleshot projectors, microphones, speakers and conferencing tools to prevent disruptions during live training.

Customer Service Representative Sep 2023 – Sep 2024
Xenial Events LLC – Dubai, UAE

- Managed attendee databases and handled customer inquiries with a strong focus on accuracy and data confidentiality.
- Supported end-to-end event operations and frontline issue resolution in high-traffic environments.
- Helped deliver major international trade events, including GITEX, Big 5 and Gulfood.

Court Monitor / Event Host Apr 2021 – Mar 2022
Street Maniax – Dubai, UAE

- Ensured guest safety and enforced operational procedures during live events.
- Enhanced the guest experience through proactive engagement and on-the-ground support.
- Assisted with daily event coordination and logistics.
